

It's All About the Actions
by Karla Vasquez

It all seems cool, unique, and adventurous
To travel and serve in an honorable position
Who would want to serve our country?
One, two, twenty, eighty, the amount is extraordinary

Then there comes a day
Who **volunteers** to serve our country?
Eighty... twenty... two... none?
But then in the midst came **one**

Vigilant, Encouraged, Talented, Excited,
Responsible, Admirable, and Noble
Only one who lived through it all
Knows what a veteran confronts

Many could say they are in
But in reality...
It takes character to show you are there
